# PART A: STRATEGIC OVERVIEW OF THE ASSEMBLY

## Establishment of the District

The Biakoye District Assembly was carved out of the Jasikan Municipal by a Legislative Instrument (L.I.) 1910 of 2007 but inaugurated in 2011

## Population Structure

Based on the 2021 Population and Housing Census general report, the BIAKOYE District was estimated to be 71,827 comprising approximately 36,069 males and 35,758 females representing 50.2 and 49.8 respectively

The district has a total household number of 20,358 with an average size of 3.5. Also, the District has an urban population of 26,594 (37%) thus 13,071 males and 13,523 females while the rural population is 45,233 (63%) consisting of 22,998 males and 22,235 females. The sex ratio for the district is 100.9. The age-dependency ratio for the district is 84.5, signifying a relatively high dependence on the working population

## Vision

Seeking to become the leading aquaculture and vegetable exporting District in the country.

## Mission

The Biakoye District Assembly exists to ensure its people's social, economic and political well-being through public-private partnership and fiscal, material and human resource mobilization in an atmosphere of peace and unity

## Goals

To improve upon the general living standard of the people through a concerted effort of all stakeholders to achieve self-reliance, accountability, unity of purpose by creating the necessary enabling environment for the growth of the private sector-led economy based on the principles of good governance.

## Core Functions

The core functions of the Biakoye District Assembly conferred under sections 12 and 13 of the Local Governance Act, 2016 (Act 936) are outlined below.

- Exercise political and administrative authority, promote local economic development, provide guidance, give direction to, and supervise the other administrative authorities
- Exercise deliberative, legislative and executive functions.
- Be responsible for the overall development
- Formulate and execute plans, programmes and strategies for the effective mobilization of the resources necessary for overall development
- Promote and support productive activity and social development in the District and remove any obstacles to initiative and development
- Initiate Programmes for development of basic infrastructure and provide District works and services
- Be responsible for the development, improvement and management of human settlement and environment
- Responsible in co-operation with the appropriate national and local security agencies, for the maintenance of security and public safety

## District Economy

The overall development of the district is based on the production of goods and services. Critical to the production process are several factors. The favorable the factors, the more wealth is created leading to the general well-being of the population. This section analyses these factors and their contribution to the economy of the district in general.

### Agriculture

- The District is endowed with 42,000 hectares of arable land for crop and vegetable cultivation
- Major Crops: Cassava, Cocoyam, Maize, Yam, Plantain, Banana and Cashew
- Other Crops: Vegetables (Pepper, Tomato, Okra, Onion) and Rice
  - Production is mostly rain-fed even though there are few irrigation facilities which are owned by private individuals, and mostly used for vegetable farming

- Livestock and fish farming is practiced
- Livestock includes Cattle, Sheep, Goat, Pigs and Poultry
- Fish farming is being carried out at the following communities Mangoase, Adzamaso, Toklosu, Akatsi, Ablogah, Kwamekrom and Abotoase
- Road Network

The district has about 192 kilometers of major road network, out of which 71 kilometers are tarred (from Nkonya Asakyiri through Worawora to Akposo Kubi). Other sections of the district are linked mostly by second class roads and are completed by feeder roads and footpaths. Some of these roads are often rendered un-motorable during rainy season. The means of transport in the District are mostly Vehicle and motorcycle.

- Energy

It is estimated that over 70% of the population in the district have access to electricity. The major challenge, however, is the frequent power outages due to bad weather and bush fires that destroy electricity poles. Also, most streets in the district do not have streetlights. Eighty-four percent (84%) of the households use charcoal or firewood as fuel with serious implications for the environment. The industrial activities undertaken in the district such as Akpeteshie distillation, Gari processing and blacksmithing depend on firewood as a source of fuel. There is only one gas station in the district situated at Worawora. Most Households that use gas for cooking within the District capital goes to Kpando, Hohoe or Ho to refill their cylinders.

- Health

The District has one main Hospital: Worwora District Hospital

5 Health Centers/Clinic

14 CHPS zones with compound

9 CHPS zones without compound

Staff Strength: Hospital 286, Health centers 162, CHPS zones with compound 159 and CHPS zones without compound 19

Malaria and Typhoid continue to be the topmost diseases that affect majority of the people in the District.

#### MATERNAL DEATH

The District health directorate did not record any case of maternal death in 2023;

However, it recorded one case in 2024. As at September 2025, maternal death has increase to two. There is a need for the district health directorate to take a critical look at this area and employ measures that can allay the situation.

- Education

Public School: There are 75 Pre-schools,75 Primary School,48 JHS and 5 SHS

Private School: There are 30 Pre-schools, 30 Primary School, and 18 JHS

Some of the school's structures are not in good condition, especially public schools.

Public School: Number of Teachers: Pre - school 108, Primary 362, JHS 277 and SHS 234

Private School: Number of Teachers: Pre - school 32, Primary 79 and JHS 35

Public School: Enrolment for 2024/2025 academic year: Pre-school 2630, Boys-1304 and Girls-1326, Primary 9047, Boys-4628 and Girls-4419, JHS 4105, Boys-2192 and Girls-1913, SHS 3063, Boys-1455 and Girls-1608

Private School: Enrolment for 2024/2025 academic year: Pre-school 1303, Boys-683 and Girls-620, Primary 2722, Boys-1409 and Girls-1313, JHS 775, Boys-365 and Girls-410

Enrolment on gender parity index: Number of enrollments differ between boys and girls in some levels, but in both public and private school, boys are enrolled more than girls.

- Market Centres

The district has one major market centre - located at Tapa-Abotoase - that attracts sellers and buyers from all parts of the country and outside the country. There are other emerging market centres such as Kwamekrom, Bumbula, Wurupong Worawora and Bowiri which should be developed to boost the local economy. The markets are held mostly on weekly rotational basis. Trading particularly in the markets constitutes one of the major sources of revenue to the Assembly. Improvement of market infrastructure has the potential of boosting the district's revenue generation. Currently, we have two financial institutions operating within the district they are Asubonten Rural Bank located at Worawora and North Volta Rural Bank Ltd located at Abotoase.

- Water and Sanitation

A total of 78% of the population has access to potable water from pipe-borne and borehole for drinking and other domestic purposes. About 21.8% obtain water from unprotected

sources which often dry up during the lean season. It is disturbing to note that a substantial proportion of households in the district dump their refuse indiscriminately and the situation is worse in the rural areas. Nearly, one out of five households in the District have no access to toilet facilities and therefore resort to open defecation. The district manages its solid waste by placing skip containers in some communities for refuse to be dumped and finally transport to the final disposal site by a skip tuck. However liquid waste is disposed of onsite (That's KVIP or bio digester latrines) or off-site (that's W/C that is dislodge and then send the final disposal site)

- Tourism

There are several sites which could be developed to attract tourists to the district. Historical sites include tombs of some unknown Germans who died during the colonial period found at Tepo and Nkonya Bumbula. The district is endowed with waterfalls, ancient caves, crocodile pond and butterfly sanctuary. The Kabo Forest Reserve and the Volta Lake are also tourist sites

- Environment

The district is located within the forest-savanna transitional zone of Ghana and is generally covered with the moist semi-deciduous forest. Temperatures vary between 22°C and 34°C and a bimodal rainfall regime that peaks in July and September. The topography is generally undulating and hilly at the eastern part but has lowlands along the Volta River on the west.

## Key Issues/Challenges

- Increase in non-communicable diseases
- Poor road network to most communities
- Limited access to finance by micro and small-scale enterprises (MSEs).
- Over dependence on rain-fed agriculture and prevalence of pests and diseases
- Inadequate human and logistical capacities for land use planning.
- Poor hygiene practices due to inadequate hygiene education.
- Inadequate school infrastructure especially at the Basic level
- Inadequate Access to health care
- Weak substructures and inadequate logistics for effective work

## Revenue Mobilization Strategies

The Assembly, after critical analysis of its past records on revenue mobilization, has recognized that there are some untapped potentials for increasing internally generated revenue to meet the district's developmental needs. This Revenue Improvement Plan (RIAP) is prepared to address the challenges identified and it is believed that a careful implementation of the plan will ensure 28% increase revenue over 2023 as the baseline by December 2025.

Objective: 28% increase in revenue over 2023 as the baseline by December, 2025

## **SUB-PROGRAMME 1.4 Planning, Coordination and Statistics**

### Budget Sub-Programme Objective

- To liaise with all implementing departments/units to ensure that their programmes and projects are integrated into a well-defined district plan.
- To prepare short, medium, and long-term development plans that fit into the district's needs.
- To prepare and timely submit quarterly progress and monitoring reports.

### Budget Sub- Programme Description

- To prepare and timely submit the district's Annual Composite Budget as per the annual approved format and time scale set out in the Ministry of Finance (MOF) budget guidelines.
- To timely process payments to consultants and contractors for services rendered and works executed
- To prepare and submit quarterly budget performance reports.
- Monitoring and Evaluation
- To monitor the implementation of all field programmes and projects to determine
- programme effectiveness and efficiency

### Budget Sub- Programme Description

This sub-programme undertakes periodic review of plans, budgets, and programmes in line with guidelines and national priorities. It also involves key stakeholder consultations for planning and development of programmes. Other activities include;

- Preparing and managing the Assembly's budget and ensuring that each programme uses the budget resources in accordance with their mandate.
- Reviewing the Medium-Term Development Plan and the Composite Budget
- Routine monitoring and periodic evaluation of all plans, budget, programmes, and projects. The organizational unit involved is the Planning and Budgeting Units of the District Assembly. The sub-programme is funded by the DACF, IGF and Government of Ghana (GoG) budget with total staff strength of eleven. The beneficiaries of the sub-programme are the various decentralized departments and institutions operating under the district. The key issues/challenges are:

- Inadequate office accommodation
- Vehicle for monitoring

## **SUB-PROGRAMME 1.5 Legislative Oversight**

### Budget Sub-Programme Objective

- Strengthen the capacity of Assembly Members to initiate and effectively scrutinize byelaws, contracts and proposals.
- Strengthen Assembly Members' skills to effectively scrutinize, monitor and evaluate district revenue and expenditure estimates.
- Improve public understanding of the work of the Assembly, its committees and the duties and responsibilities of Assembly Members to the electorates.

### Budget Sub- Programme Description

This sub-programme provides a range of procedural and legislative functions by the Presiding Member and Members of the Assembly at plenaries and in committee sittings

- The sub-programme facilitates Assembly Members skills to initiate and scrutinize byelaws, contracts, and proposals.
- The sub-programme also outlines the specific functions of committees as provided in the Standing Orders including investigation and inquiry into the activities and administration of departments and units of the Assembly.
- It also focuses on enhancing the capacity of Assembly Members to effectively scrutinize and analyze Budget estimates of the Assembly.
- Committees have primary responsibility for financial and oversight of the work of the departments and agencies of government to which they correspond, including scrutiny of their budgets and expenditures.
- This sub-programme addresses the misconception of electorates regarding the roles and responsibilities of Assembly Members as defined by the Local Governance Act by reaching out to the public through Town Hall meeting, panel discussion on radio and participation in communal activities.

The main beneficiaries of the programme are decentralized departments of the assembly, other public service institutions and public servants. The funding for this programme comes mainly from IGF budget. Under this sub-programme, a total staff of 5 will carry out its implementation.

## PROGRAMME 2: SOCIAL SERVICES DELIVERY

### Budget Programme Objectives

- Ensure that the poor and vulnerable have equal right to economic resources
- Ensure free, equitable and quality education for all by 2030
- Achieve universal health coverage including fin. Risk protection, access to quality health care service

### Budget Programme Description

The program seeks to reduce disparities between rural and urban areas in terms of quality of life and the provision and access to social services. There are five sub-programmes under this programme. These are:

- Education, Youth and Sports Services
- Public Health Services and Management
- Environmental Health and Sanitation Management
- Social Welfare and Community Development
- Birth and Death Registration Services

The Education component comprises of kindergarten, primary and Junior High Schools that is schooling for children between the ages of 3 and 16 years. Basic Education is predominantly provided by government operated facilities. The private schools are self-funded and registered by the Ghana Education Service. Schools use the GES curriculum. Provision of basic education is mandatory and free to all Ghanaian children. This means that the school buildings, furniture, teachers, and teaching materials are all provided by the government. Youth and Sports seek to provide skills and educational training for the youth to make them employable. It also involves educating the youth on health issues, volunteerism, and peaceful co-existence.

The Public Health Services and Management sub-programme is aimed at improved public health and clinical services. The programme provides facilities, infrastructure and programmes for effective and efficient clinical services and promotion of public health. The Community Health Planning and Services (CHPS) concept remains the district's main strategy of bringing

basic health services to the community level. Health promotions, immunization, HIV/AIDS awareness creation and prevention are all some of the deliverables.

Environmental Health and Sanitation Management delivers improved environmental sanitation and good hygiene practices in both rural and urban communities. The objective is to empower individuals and communities to analyse their sanitation conditions and take corrective action to change their environmental sanitation situation which will involve several voluntary activities, including the provision and maintenance of sanitary facilities, public education, community and individual action, regulation and legislation supported by adequate funding.

The Birth and Death Registration services seek to provide accurate, reliable, and timely information of all births and deaths occurring within the district.

## **SUB-PROGRAMME 2.1 Education, Youth and Sports Services**

### Budget Sub-Programme Objective

- To provide equitable access to good-quality child-friendly Universal Basic Education, by improving opportunities for all children at kindergarten, primary and junior high school levels.
- To sensitize the youth on health issues, peace, volunteerism, and social vices

### Budget Sub- Programme Description

This sub-programme seeks to improve education, youth, and sports service delivery. It delivers the following key services:

- Provision of infrastructure at the basic school level
- Enhancing school inspection, monitoring and accountability
- Empowering deprived and unskilled youth with leadership and vocational skills training to make them become employable.
- Educating and orienting the youth on volunteerism, peaceful co-existence, health issues, civic rights, and responsibilities as well as the effects of social vices.

The organizational unit involved in delivering the sub-programme is the Department of Education Youth and Sports of the Assembly. The department has total staff strength of 125 to oversee the effective delivery of the projects and operations of the sub-programme. Beneficiaries of the programme are mainly school-going children, teachers, youth, and the general public. The sub-programme is funded through DACF, DDF budgetary allocation, Internally Generated Funds (IGF) and Donor/External Funding sources. The major challenges confronting the sub-programme are the inadequate trained teaching staff, especially at the pre-school level and budgetary constraints.

## **SUB-PROGRAMME 2.2 Public Health Services and Management**

### Budget Sub-Programme Objective

- To bridge the equity gaps in geographical access to health services by 2030
- To achieve universal health coverage through improved health delivery services

### Budget Sub- Programme Description

This sub-programme seeks to coordinate all activities to ensure access to good healthcare within the district. It also harmonizes and implements sector policies and programme to avoid duplication of efforts. The programme centers on the following

- provision of public health and clinical services at primary levels
- Provision of health infrastructure

Regarding HIV/AIDS, several strategies with emphasis on behaviour change messages have been scaled. The interventions include information, education, and communication strategies. Malaria continues to pose considerable disease burden to health delivery. The district aims to reduce deaths and illnesses due to malaria by 75% by the year 2030. For impact to for and the gains to be sustained, emphasis will be on the use of proven cost-effective interventions coupled with the necessary local initiatives that will ensure success through community and gender-based approaches that focus on hard-to-reach communities and the support of the health system. The component on health promotion aims at reducing risk factors related to health with strong emphasis on healthy lifestyle and environment. There will be community focus interventions that place premium on behaviour change, feeding and physical exercises. The organizational unit involved in delivering the sub-programme is the District Health Directorate of the Assembly. The Unit has total staff strength of 626 to oversee the effective delivery of the projects and operations of the sub-programme. Beneficiaries of the programme are mainly the public. The sub-programme is funded through DACF, DDF budgetary allocation, Internally Generated Funds (IGF) and Donor/External funding sources. The major challenges confronting the sub-programme are the inadequate logistics for operations within the sub-programme and limited capacity at District level.

## **SUB-PROGRAMME 2.3 Social Welfare and Community Development**

### Budget Sub-Programme Objective

- To integrate the vulnerable, persons with disability, the excluded and the disadvantaged into the mainstream of society.
- To protect and promote the right of children against harm and abuse
- To protect the rights of people particularly women and children from violence

### Budget Sub- Programme Description

The sub-programme performs the functions of support to the extremely poor households, persons with disabilities, shelter for the lost and abused children and destitute. It also seeks to mainstream older persons into the national development process.

Basically, community development promotes social and economic growth in the rural communities through popular participation and initiatives of community members in activities of poverty alleviation, employment creation and illiteracy eradication among the adult and youth population in the poor rural and urban areas of the district. It seeks to provide employable, entrepreneurial development and sustainable skills to the youth through Technical and Vocational Education and Training (TVET) with a view to enabling the youth to achieve and maintain a meaningful life while remaining in their localities.

It also promotes behavioral and social change through the strategy of communication for development (C4D) especially child and family welfare for effective and efficient child protection, societal and developmental issues through mass meetings, study groups meetings and women's groups meetings.

The sub-programme is undertaken by the department of Social Welfare and Community Development. The funding sources for the sub-programme include GoG, DACF, donors funding and IGF budget allocations. The beneficiaries of the program include urban and rural dwellers in the district. A total staff strength of three will see to the implementation of this sub-programme.

## **SUB-PROGRAMME 2.4 Birth and Death Registration Services**

### Budget Sub-Programme Objective

- To register all the occurrences of births and deaths in the district.
- To provide vital statistics by way of demographic data for development planning

### Budget Sub- Programme Description

This sub-programme seeks to increase registration of births and deaths coverage in the country. The Registry will establish mobile registration centres in the Area and Town Councils and provides the opportunity to gather the necessary inputs for preparation and issuing of reports for the purposes of population statistics to Ghana Statistical Service, NGO's, hospitals etc.

In Ghana, the onus is entirely on the family to register a birth or a death. Even assuming they are aware of this obligation, it often requires substantial effort and expense and can take several weeks. This part explains why so many births and deaths go unrecorded. This programme seeks to sensitize the communities on why we need a birth certificate. The issuance of a birth certificate is consistent with the Convention on the Rights of the Child that states that every child should be registered immediately after birth. A birth certificate is a basic legal document that gives identity to a child and automatically bestows a number of rights such as the right to nationality, passport, voting, formal employment, or access to banking services. While, for the family of the deceased, a death certificate ensures their right to inherit property, to access business and financial entitlements, and to claim any available insurance benefits.

Registration is also vital for national development planning. The civil registration records of births and deaths are necessary to compile accurate, complete and timely vital statistics, which, along with population censuses, are central to estimating population size— especially for small areas. Similarly, the cause of death data from civil registration systems are vital for pinpointing the diseases and injuries that are cutting lives short and for planning preventive services to avoid premature mortality. Cause of death data are also useful to inform governments about outbreaks of fatal disease.

The sub-programme also seeks to provide adequate resources including human and logistics for smooth running of the department.

The sub-programme is undertaken by the newly created Department of Births and Deaths. The funding sources for the sub-programme include GoG, DACF and IGF budget allocations. The

beneficiaries of the program include urban and rural dwellers in the district. Total staff strength of two will see to the implementation of this sub-programme within the district.

## **SUB-PROGRAMME 2.5 Environmental Health and Sanitation Services**

### Budget Sub-Programme Objective

- To accelerate the provision of improved environmental sanitation services.
- To promote safe and healthy environment to minimize illnesses

### Budget Sub- Programme Description

The Environmental Health and Sanitation Management sub-programme is aimed at facilitating improved environmental sanitation and good hygiene practices in the district. It also aims at empowering individuals and communities to analyze their sanitation conditions and take collective actions to change their environmental sanitation situation. The principal components of this sub-programme at all levels (villages and towns) include:

Collection and sanitary disposal of wastes, including solid wastes, liquid wastes, excreta, and other hazardous wastes.

- Cleansing of thoroughfares, markets, and other public spaces.
- Control of pests and vectors of disease.
- Food hygiene.
- Environmental sanitation education.
- Inspection and enforcement of sanitary regulations.
- Disposal of the dead.
- Control of straying animals.
- Monitoring the observance of environmental services and standards.
- Creating and maintaining database of all issues of environmental health importance
- Compilation and reporting of problems and complaint management

It also comprises several complementary activities, including the provision and maintenance of sanitary facilities, public education, community and individual action, regulation and legislation supported by the Assembly.

The organizational unit involved in delivering the sub-programme is the District Environmental Health Unit of the Assembly in collaboration with the District Health Directorate. The Unit has total staff strength of 12 to oversee the effective delivery of the projects and operations of the sub-programme. Beneficiaries of the programme are mainly the public. The sub-programme is funded through DACF, Internally Generated Funds (IGF) and Donor/External Funding sources.

## PROGRAMME 3: INFRASTRUCTURE DELIVERY AND MANAGEMENT

### Budget Programme Objectives

- Facilitate sustainable and resilient infrastructure development in developing cities
- Enhance inclusive urbanization and capacity for part human settlement management in all countries.

### Budget Programme Description

The programme seeks to reduce disparities between rural and urban areas in terms of quality of life and the provision and access to social and physical infrastructure. There are three sub-programmes under this programme. These are:

- Physical and Spatial Planning
- Public Works, Rural Housing and Water Management
- Road and Transport Services

Physical and Spatial Planning basically focuses on programmes and projects on human settlement development to ensure that human activities, particularly towns and communities, are undertaken in a planned, orderly and spatially determined manner.

The Public Works, Rural Housing programme comprises of works, general maintenance and management, drainage management and hydrology. Works management provides technical support and consultancy services to Assembly and other donor funded public projects. It also co-ordinates the construction, rehabilitation, maintenance, and reconstruction of public buildings, government estates and storm water drainage systems. General maintenance management is involved in the rehabilitation, refurbishment and maintenance of government landed properties. Similarly, it collaborates with consultants in the execution of public assignment in pre and post contract administration services.

Water Management establishes the database for water supply, irrigation, and drainage. Drainage management involves the development of drainage master plans, designs of hydraulic structures such as drains, culverts, storage reservoirs, bridges, and erosion control structures.

The Programme is delivered by the Physical Planning and Works Departments.

### **SUB-PROGRAMME 3.1 Physical and Spatial Planning Development**

#### Budget Sub-Programme Objective

- To promote a sustainable, spatially integrated, and orderly development of human settlements to support socio-economic development

#### Budget Sub- Programme Description

Physical and Spatial Planning basically focuses on programmes and projects on human settlement development to ensure that human activities particularly in towns and communities are undertaken in a planned, orderly, and spatially determined manner. The sub-programme seeks to establish the linkage between spatial/land use planning and socio-economic development in the planning and management of the district.

The major operations of this sub- program include:

- Preparation of physical plans as a guide for the formulation of development plans
- Identification of problems concerning the development of land and its social, environmental, and economic implications.
- Co-ordination and harmonization of developmental decisions into a physical development plan.
- Prohibition of the construction of new buildings unless building plans submitted have been approved by the Assembly.
- Advising the Assembly on sitting billboards, masts and ensure compliance with the decisions of the Assembly.
- Advising the Assembly on the acquisition of landed property in the public interest
- Mobilization of IGF for the Assembly by imposing fees and charges for services rendered to clients with the collaboration of the Revenue Unit
- Undertaking street naming, numbering of house and related issues.

The sub-programme is delivered by Physical Planning Department of the Assembly with different funding sources. The implementation of the programmes and projects are undertaken at the district level with funding from GoG, DACF, DDF and IGF budgets. The main beneficiaries of the programme are decentralized departments of the Assembly, other public service institutions, public servants, and the public.

The major urban and rural development issues confronting the department include.

- Poor security and safety

- Inadequate office space,
- Limited capacity in the adoption of innovative approaches.

## **SUB-PROGRAMME 3.2 Public Works, Rural Housing and Water Management**

### Budget Sub-Programme Objective

- Ensure timely and effective maintenance of all government landed properties
- To increase access to adequate, safe, secure, and affordable shelter
- Ensure that the entire populations, particularly the poor and vulnerable, have access to adequate and safe drinking water and sanitation.

### Budget Sub- Programme Description

This sub-programme deals with the development, construction, general maintenance, and management involving the rehabilitation, refurbishment and maintenance of government landed properties. The key functions include:

- Construction, maintenance and repair of public buildings and properties.
- Offering architectural, quantity surveying, structural/civil, electrical, mechanical engineering, and estate management services to the public.
- Team up with consultants in the execution of public assignment in pre- and post-contract administration services.
- Provision of shelter and office space for government organizations and consultancy services to public projects,
- Encouraging private sector participation in the provision of safe water supply and sanitation services in rural communities and small towns
- Prescription of standards and guidelines for safe water supply and provision of related services in rural communities and small towns.

The organizational unit involved in delivering this sub-programme is the Works Department of the Assembly. The programme is delivered through the award of contract and supervised by the department's project implementation team which comprises professionals in architecture, engineering (civil/electrical) and quantity surveying. The department has total staff strength of two to oversee the effective delivery of the projects and programmes of the sub-programme. Beneficiaries of the programme are mainly public servants, government institutions and the public. The sub-programme is funded through DACF, DDF budgetary allocation, Internally Generated Funds (IGF) and donor/external funding sources. The major challenges confronting the sub-programme are the inadequate staffing and logistics for operations within the sub-

programme. Budgetary constraints, limited capacity for water & sanitation delivery, difficult hydro-geological terrain among others

### **SUB-PROGRAMME 3.3 Roads and Transport Services**

#### Budget Sub-Programme Objective

- To provide quality road transport systems for the safe mobility of goods and people.
- To implement development programmes to enhance urban transport through improved road network.

#### Budget Sub- Programme Description

The sub-programme provides quality road transport systems for the safe mobility of goods and people. It is also aimed at developing and implementing appropriate strategies and programmes to improve the living conditions of both rural and urban dwellers through enhance transportation and improved road network. Under this sub-programme construction, maintenance, inspection, supervision, and monitoring of all roads related activities will be undertaken. Major services delivered by the sub-program include.

- Collection of data for planning and development of the district's transportation infrastructure.
- Establishing and maintenance of transport services database including information on operators, routes, terminals, bus stops and paid car park facilities within the jurisdiction of the Assembly
- Register and maintain records of classified contractors and consultants in the transport services sector within the district
- Monitor and report on the condition of traffic signals, road signs and other road infrastructure to appropriate agency for timely repairs.
- Undertake annual permit renewals and licensing exercises for commercial transport operators.

The programme will be delivered by staff of the District Works Department through the feeder roads unit and is implemented with funding from GoG transfers and Internally Generated Funds as well as the DACF and DDF allocations of the Assembly. The beneficiaries of the program include both rural and urban dwellers in the district. Inadequate staffing, inadequate office space and the absence of basic things like washrooms are among the operational challenges being confronted by the staff of the department.

## PROGRAMME 4: ECONOMIC DEVELOPMENT

### Budget Programme Objectives

- Ensure sustainable food production system, improve resilient & regenerative agricultural practice
- Promote inclusive & sustainable industrialization

### Budget Programme Description

The programme seeks to reduce disparities between rural and urban areas in terms of income, quality of life and the provision and access to socio-economic services. There are two sub-programmes under this programme. These are:

- i. Trade, Tourism and Industrial development
- ii. Agricultural Services and Management

The Programme seeks to create jobs and reduce poverty by designing and testing appropriate and marketable technologies for the agro-processing industry. The technology developed is transferred through apprentice training, engineering skills development and occupational and safety health environment of users of equipment. A thriving micro and small-scale enterprise sector are considered worldwide as a key to the path of successful and healthy economic development. The focus is to formulate, develop and implement programmes aimed at encouraging rural self-employment and informal enterprises among the economically active population to enable them to contribute effectively to the growth and the diversification of the economy.

The Agricultural Services and Management sub-programme is delivered through a few operations namely:

- Identification and assisting farmers to stay abreast with good agricultural practices.
- Mechanization, irrigation, and water management involves increasing irrigated areas while emphasizing water management techniques.
- Food storage and distribution, which is responsible for reducing post-harvest losses.
- Promotion of cash crops and livestock production for income in all ecological zones through extension services and access to certified seeds for cash crops and improved breeding stock.
- Capacity building for farmers on good agricultural practices (GAPs)

- Enhancing the capacities of extension service providers in approaches to climate change adaptation and mitigation processes

The beneficiaries of this programme are farmers and other key stakeholders in the agricultural sector. The programme is funded mainly by GOG and donor fund sources.

## **SUB-PROGRAMME 4.1 Trade and Industrial Development**

### Budget Sub-Programme Objective

- To improve entrepreneurial skills and facilitate access to credit and markets for small scale enterprises
- To provide MSEs access to substantial and high-quality business development services
- Promote sustainable tourism to preserve historical, cultural and natural heritage

### Budget Sub- Programme Description

The sub-programme intends to formulate, develop and implement programmes aimed at encouraging and accelerating the growth of micro and small-scale enterprises to enable them to contribute effectively to growth and the diversification of the economy. The key operations include:

- Facilitation of SMEs, access to institutional credit and monitoring performance on credit delivery.
- Development of special programmes for women entrepreneurs and monitoring gender activities of NBSSI
- Facilitation of SMEs access to business improvement programmes
- Provision of information on small enterprises' development to stakeholders
- Assisting SMEs to participate in fairs

The sub-programme will also be delivered through collaboration with relevant stakeholders to provide the necessary infrastructure (roads, ICT facilities, water, electricity) and visitor facilities (accommodation, rest stops, restaurants, entertainment venues, tourist transport, etc.) to enhance the tourist experience. In respect of new or emerging attractions, the Assembly will work with the private operators at the local level to:

- Assess the marketability of the attraction.
- Identify the infrastructure gaps,
- Promote tourism investment to improve the tourist experience
- Maintain a register of all tourist attractions and identify synergies and linkages between them (e.g. help them to identify viable tourism circuits) Collaborating institutions at the district are the Business Advisory Centres (BACs)/Rural Enterprise Project (REP). The sub-programme is substantially funded by GOG budget allocations, DACF and IGF derived from its activities. This sub-programme will benefit the public.

The key challenges are:

- BAC and REP are not established in the Assembly to address the needs of the MSE sector.
- Negative attitude towards entrepreneurship and locally made products stifle growth of MSEs
- Absence of BAC/REP in the district impedes the smooth implementation of activities
- Inadequate roadworthy vehicles hamper movement for both implementation and monitoring
- Inadequate operational and loanable funds

## **SUB-PROGRAMME 4.2 Agricultural Services and Management**

### Budget Sub-Programme Objective

- To increase productivity of priority commodities using improved agricultural inputs and Good Agricultural Practices (GAP).
- To improve seed/planting material/breeding stock for multiplication in agricultural locations
- To reduce post – harvest losses and improve storage and distribution systems

### Budget Sub- Programme Description

This sub-programme identifies updates and disseminates technological packages to assist farmers to stay abreast with good industry practices. It also introduces new and improved seed/planting material/breeding stock (high yielding, short duration, disease, and pest resistant and nutrient-fortified) to increase productivity. The main operations under this sub-programme are as follows:

- Facilitate farmer access to improved planting materials, breeding stock and fertilizer
- Increase production in targeted products such as poultry, small ruminants, and pigs.
- Promote the productivity of roots and tuber crops
- Develop arable lands for rice cultivation
- Promote the use of gender friendly farm tools and equipment by small holder farmers
- Mapping out suitable and potential sites for irrigation development.
- Supporting the formation and training of farmer groups
- Training extension workers in irrigation and water management techniques
- Capacity building of relevant stakeholders in better harvesting and storage methods
- Inspecting and certifying all seeds/planting materials and animal products and produce.
- Coordinating pest and disease surveillance activities.

The organizational unit responsible for delivering this sub-programme is the department of Agriculture. The beneficiaries of this sub-programme are farmers and other stakeholders. The programme is funded mainly by GOG, DACF, IGF budget allocations and donor funds. The main challenges in the delivery of this sub-programme are:

- high cost of agricultural inputs,

- dilapidated infrastructure for storage,
- inadequate warehousing facilities,
- weak collaboration among key stakeholders and
- low integration of commodity markets.

## PROGRAMME 5: ENVIRONMENTAL MANAGEMENT

### Budget Programme Objectives

- Build resilience of people in vulnerable situations, reduce exposure to climate diseases.
- Sustainably manage and promote marine and coastal ecosystems to avoid adverse impacts

### Budget Programme Description

The programme seeks to reduce disaster risks and emergency management across the district and improve quality of life. There are two sub-programmes under this programme. These are:

- Disaster Prevention and Management
- Natural Resource Conservation

The Disaster Prevention and Management sub-programme seeks to enhance the capacity of the District Assembly to prevent and manage disasters and to improve the livelihood of the poor and vulnerable in rural communities through effective disaster management, social mobilization and always preventing undesired fires. While the Natural Resource Conservation sub-programme seeks to foster and promote the culture of leisure and healthy lifestyle among Ghanaians through greening of human settlements. It basically provides open spaces and enhances the aesthetics and creates liveable human settlements to ensure functionality of urban and rural areas. The programme creates job opportunities for vast majority of urban and rural unemployed youth.

## SUB-PROGRAMME 5.1 Disaster Prevention and Management

### Budget Sub-Programme Objective

- Reduce disaster risks and emergency management across the district

### Budget Sub- Programme Description

The operations undertaken to deliver this sub-programme include:

- Reviewing Disaster Management Plans for preventing and mitigating the consequences of disasters.
- Ensuring emergency preparedness and response mechanisms.
- Public education and awareness through media discussions, outreaches, seminars and training of community members and Disaster Volunteer Groups (DVGs).
- Providing skills and inputs for Disaster Volunteer Groups for swift response to distress calls.
- Coordinating the rehabilitation and reconstruction of educational and other social facilities destroyed by fire, floods, rainstorms, and other disasters.
- Monitoring, evaluation, and update of Disaster Plans
- Establishment of adequate facilities for technical training and education programmes to provide public awareness, early warning systems and general preparedness of staff and the public.
- Appropriate and adequate facilities for simulation exercises, the provision of relief, rehabilitation, and re-construction after any disaster.
- Co-ordinating local and national support for disaster or emergency control relief services and reconstruction.

## SUB-PROGRAMME 5.2 Natural Resources Conservation and Management

### Budget Sub-Programme Objective

- Incorporate the concept of tree planting and the creation of green belts or green ways in and around communities.

### Budget Sub- Programme Description

The main operations involved in this sub-programme are:

- Maintaining and sustaining prestige areas such as waterfalls and all landscape areas such as residence of some chief executives, DCD etc and administration blocks
- Cultivating and conserving medicinal and aromatic plants
- Identifying and multiplying rare and threatened plant species.
- Providing horticultural training and extension services to students in second cycle institutions.
- Supplying tree seedlings to educational institutions free of charge
- maintaining all prestige landscape areas such as residence of some chief executives, DCD etc. and on our road medians.

Funding is mainly by the GoG, DACF and IGF budget allocations. The beneficiaries of this sub-programme are the people of the district. Untimely release and inadequate funding affect the efficient delivery of this sub-programme
